

Municipality of *Bluewater*

HAVE YOUR SAY!

The Municipality of Bluewater is creating a **Community Safety and Well-Being Plan**

This Plan will set out how we work with the community and other agencies to improve the safety, health and well-being of the residents of Bluewater.

Community Safety and Well-Being issues such as education, health, housing, mental health, and addiction know no municipal borders, and it is important for us to work with others to address these issues, as well as any which may be specific to Bluewater. This is why Bluewater has partnered with the other lower-tier municipalities in Huron County to create and implement a collaborative, all-encompassing Plan.

The Municipality's goal, in collaboration with community partners and residents, is to identify and prioritize current issues, enhance our collective ability to respond to issues and build on the many successful efforts that contribute to a strong sense of safety and well-being in our community.

Residents and business owners in Huron County are invited to complete the following survey:

<https://www.surveymonkey.com/r/HuronCountyCSWBSurvey>

The survey results will form an important basis for our Plan. We encourage you to complete the survey and forward it to others in Huron County. The survey includes questions about your day-to-day life, health, education, employment, safety, leisure, and recreation experiences, as well as what you think about living, working and playing in your community. By sharing your experiences and what matters to you, you help to shape life in your community, determine key priorities, and indicate where you think change is needed most. The survey can also be made available at the Municipal Office.

If you have any questions with respect to the Plan or the survey (which is completely anonymous), please do not hesitate to contact me.
