

MUNICIPALITY OF BLUEWATER
RFP: BW-Fire-02-2026

To Supply and Deliver: Thirty two (32) Current NFPA Edition 4500 psi Self Contained Breathing Apparatus, Sixty four (64) 4500 psi composite bottle, sixty four (64) face pieces, Four (4) Rapid intervention Kits and Management Software

ADDENDUM NO. 2
October 7, 2026

Bidders shall note the following:

Annex A – SCBA – General Requirements

TR #10: should read as follows:

“Must include an Audible End-of-Service-Time Indicator (EOSTI) with activation pressure in accordance with NFPA 1970 (2025 Edition) requirements (corresponding to no less than 31% remaining balance air volume).”

TR #21: should read as follows:

“The Proponent will supply an initial stock of spare batteries for each Hall (enough batteries to supply 50% replacement). Where a rechargeable battery system is proposed, bank style charging stations and 6 spare battery packs for each (4) Hall must be included in pricing.”

TR #26: should read as follows:

“Bluetooth capability compatible with our current radio systems, with preference to a face-piece mounted radio direct interface. If any additional costs for this feature, then it should be based on a minimum of 12 units in order to equip each BWFS Officer. Bluewater uses Motorola Radio’s models XPR 7350, XPR 7550, XPR 6550, and R7 Radios.”

TR #28: should read as follows:

“Is a Dovetail cylinder or equivalent available to facilitate ease of exchange and security of cylinder. “

Annex F - Commercial Terms

CT-3: should read as follows:

“Price Hold: Unit pricing for additional SCBAs, cylinders, face-pieces, and accessories must be held firm for a minimum of three (3) months from the date of contract award. The Proponent will state any price escalation formula applicable thereafter.”
